Your itinerary

DAY 1

Labuan Bajo and Sabolon

2 check dives

A flight or ferry brings you to the harbour town of Labuan Bajo on Flores.
Our staff meet you at the airport or your hotel and transfer you to the harbour where Adelaar is anchored.
Once everyone is aboard we sail for Sabolon island for two check dives, then anchor in a quiet bay for the night.

DAY 2

North Komodo National Park

4 dives

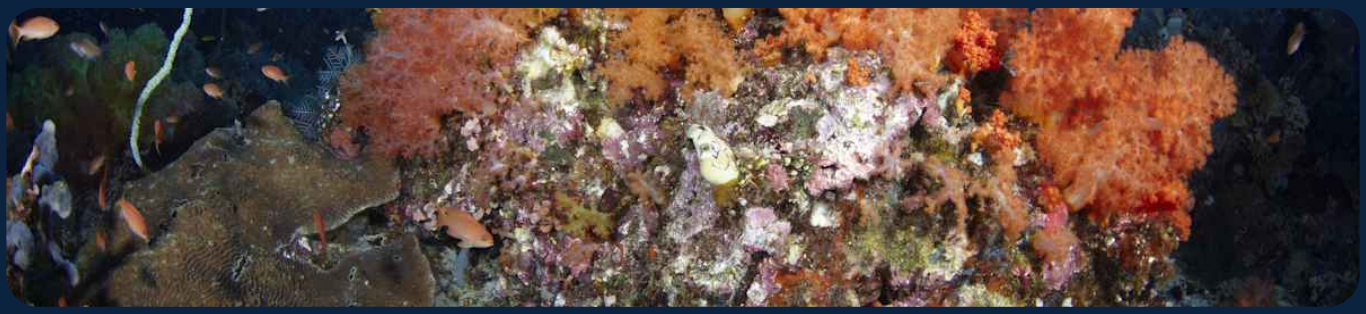

We dive around the northern edge of the park, off the uninhabited islands of Gili Lawa Laut and Gili Lawa Darat.
At sunset we move closer to Komodo bay for the night dive.

DAY 3

North and Central Komodo National Park

4 dives

An early morning hike on Komodo gives a chance to see the Komodo dragon.
The dives follow the coast of Komodo as we head down to the south end of the island, and a night dive is planned.

DAY 4

South Rinca and Padar

4 dives

An early departure from the bay, then north to Padar for the day.
Just before sunset we go ashore and hike across Padar to a crescent bay with a view of the sunset, or for those who prefer to stay underwater, a night dive is planned.

DAY 5

Labuan Bajo

We arrive in Labuan Bajo at about 7:00 AM and disembark after breakfast for your onward journey.
This is a sample itinerary and can change with the wind and weather.

GOOD TO KNOW

On land and on the way

Water sports

For non-divers, as well as snorkelling, the boat has stand-up paddle boards and a two-person kayak. Not every area is suitable, and the cruise manager finds the right times and places.

Small groups

Adelaar takes a maximum of 8 guests, with a Western cruise manager who is also a PADI dive instructor, a divemaster and a crew of ten.

Check in

Our team collects you from the airport or your hotel and takes you to the harbour where Adelaar is anchored. On the day before departure you can be taken to a hotel.

Check out

After breakfast on the last day you disembark, with an airport or hotel transfer. Please arrange your flight with the no-fly rule in mind.

Itinerary

All routes are examples, and the final plan depends on the weather, the sea conditions and any permissions.
