Your itinerary

DAY 1

Labuan Bajo and Kalong

1 to 2 check dives

A flight or ferry brings you to the harbour town of Labuan Bajo on Flores.
Our staff meet you at the airport and transfer you to the harbour where Adelaar is anchored.
We sail for Sebayur for one or two check dives, then anchor at Kalong, where at sunset the sky fills with fruit bats flying to the mainland to feed.

DAY 2

Central Komodo National Park and Padar

2 to 3 dives

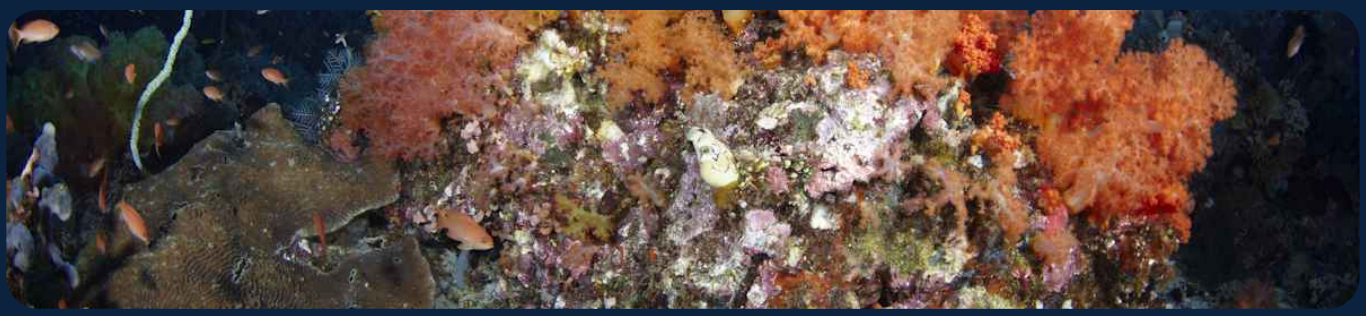

Today we enter Komodo National Park, in the region called Wallacea where the Australian and Asian biogeographic areas overlap, which gives an interesting mix of birds.
The dives are around Padar island in the centre of the park.
Before sunset we go ashore and walk across a crescent bay for the sunset, or for those who prefer to stay underwater, a night dive is planned.

DAY 3

South Komodo National Park and Nusa Kode

3 dives and a night dive

We leave Padar early and sail south to Nusa Kode, with three day dives and a night dive, including the macro site Cannibal Rock.
The cliffs around the bay are spectacular, and the resident dragons sometimes sun themselves on the beach, which you can watch from the main deck.

DAY 4

South Komodo and South Rinca

3 dives and a night dive

An early start takes us to Manta Alley at the far south of Komodo.
The cooler, nutrient-rich water is ideal for manta rays.
Back on board we head north for an afternoon dive along the coast of Komodo, and a night dive is planned just outside Komodo bay.

DAY 5

North Komodo National Park

3 dives and a night dive

We dive around the northern edge of the park, off the uninhabited islands of Gili Lawa Laut and Gili Lawa Darat.
In the late afternoon we leave the park and start the journey west toward Bali, stopping for the night at Banta island, just outside the park, for a last night dive.

DAY 6

Teluk Saleh

2 to 3 dives

In Teluk Saleh bay we spend time with the whale sharks that surface here.
An early morning snorkelling and diving session with the sea giants is guided by the local village, who know the spots of recent sightings.

DAY 7

Moyo

2 dives

We arrive at Moyo island early for two last dives along the fringing reef near the main village.
A shore excursion leads through the village on a path to a waterfall, where the brave can swing on a rope and drop into the pool.
We sail through the night toward Bali.

DAY 8

Serangan, Bali

Arrival in Serangan Harbor, Bali, is some time after 9:00 AM.
This is a sample itinerary and can change with the weather and sea conditions.
