

CENDERAWASIH

The dive sites in Cenderawasih Bay offer fields of hard corals, endemic fish and many wrecks. Tour highlights are the whale sharks, where we spend 1 – 2 days. This liveaboard is offered in two different variations.

SORONG – BIAK

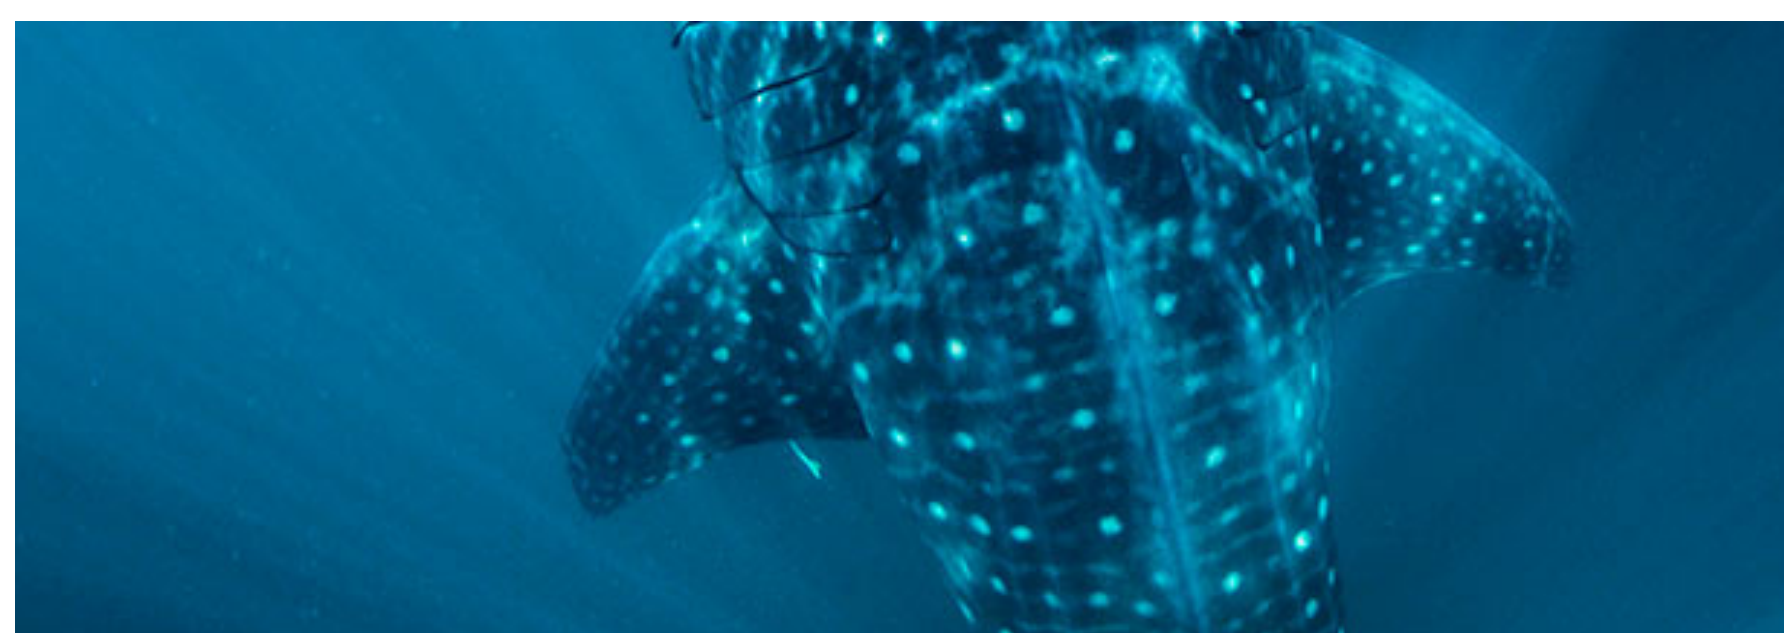

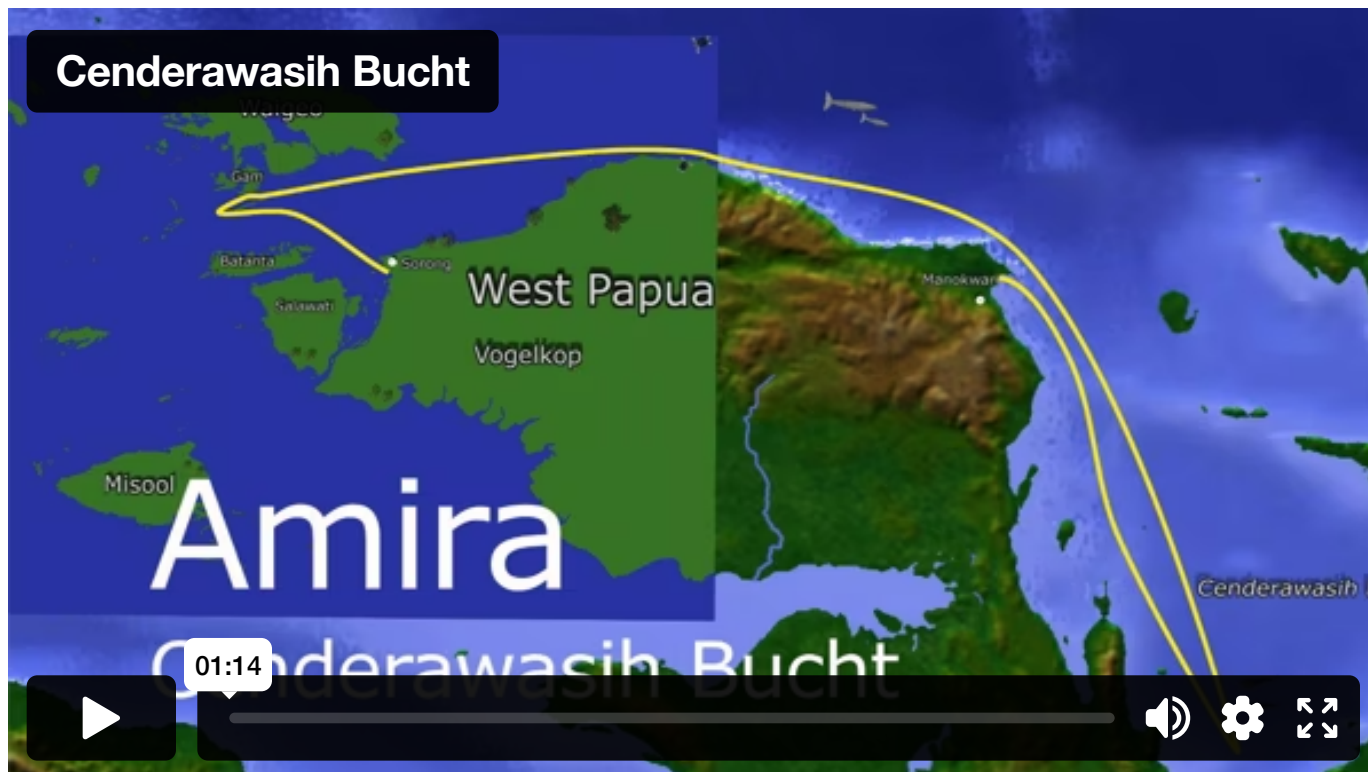

The dive cruise starts at the dive sites of Biak.

The dive sites in Cenderawasih Bay are not as rich in marinelife and coral as in Raja Ampat, but they offer fields of stone corals plus some endemic fish and many wrecks.

Highlights of the trip are certainly the amazing whale sharks, where we spend 1 or 2 days.

Above water we can see many beautiful secluded beaches, incredible waterfalls and villages with friendly Papuan people.

The cruise ends in Biak, with another dive at a wreck nearby.
