

HALMAHERA ADVENTURE

The best of Misool combined with the beauty of Halmahera in the strait of Bacan

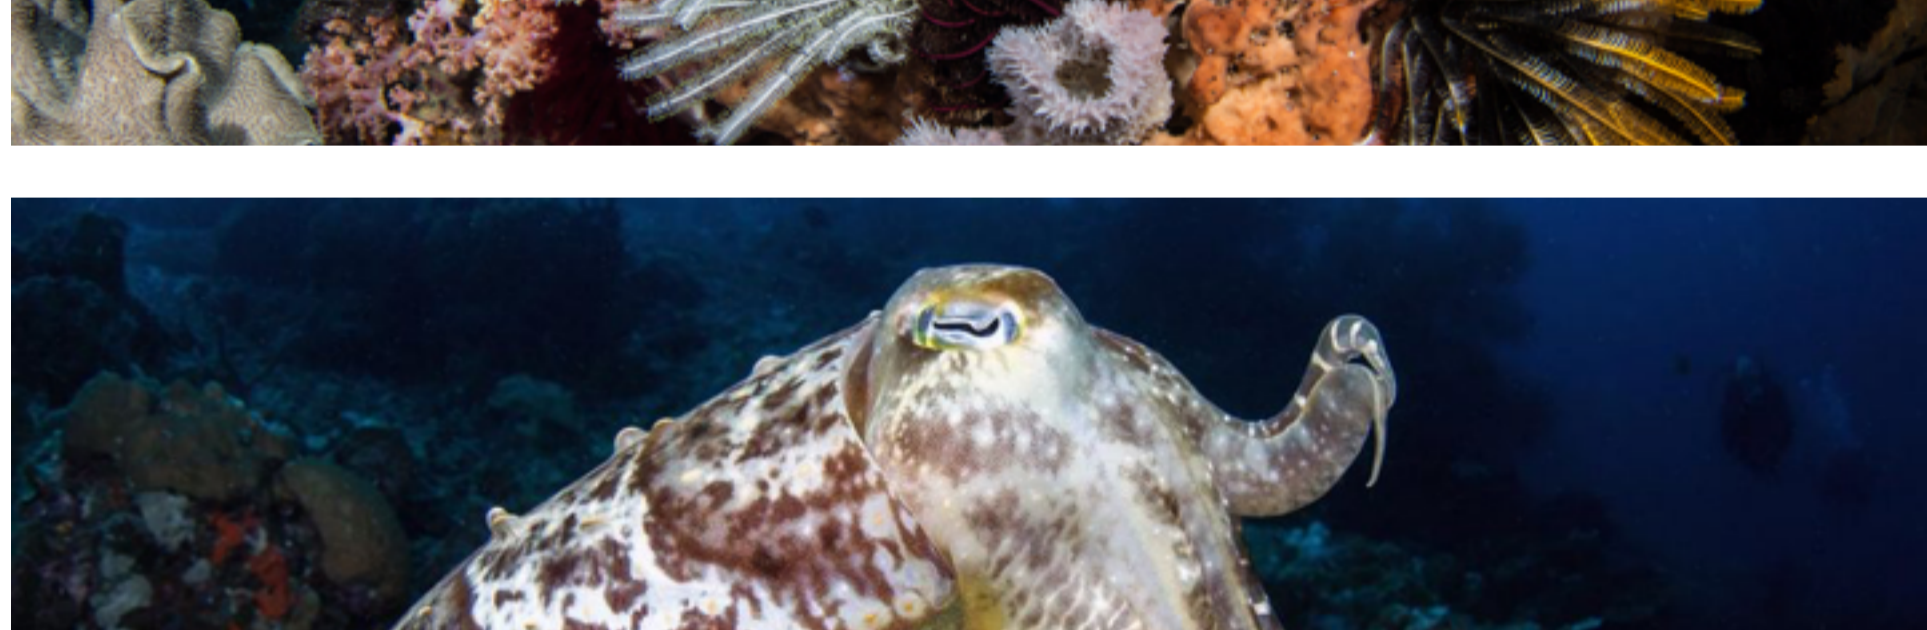

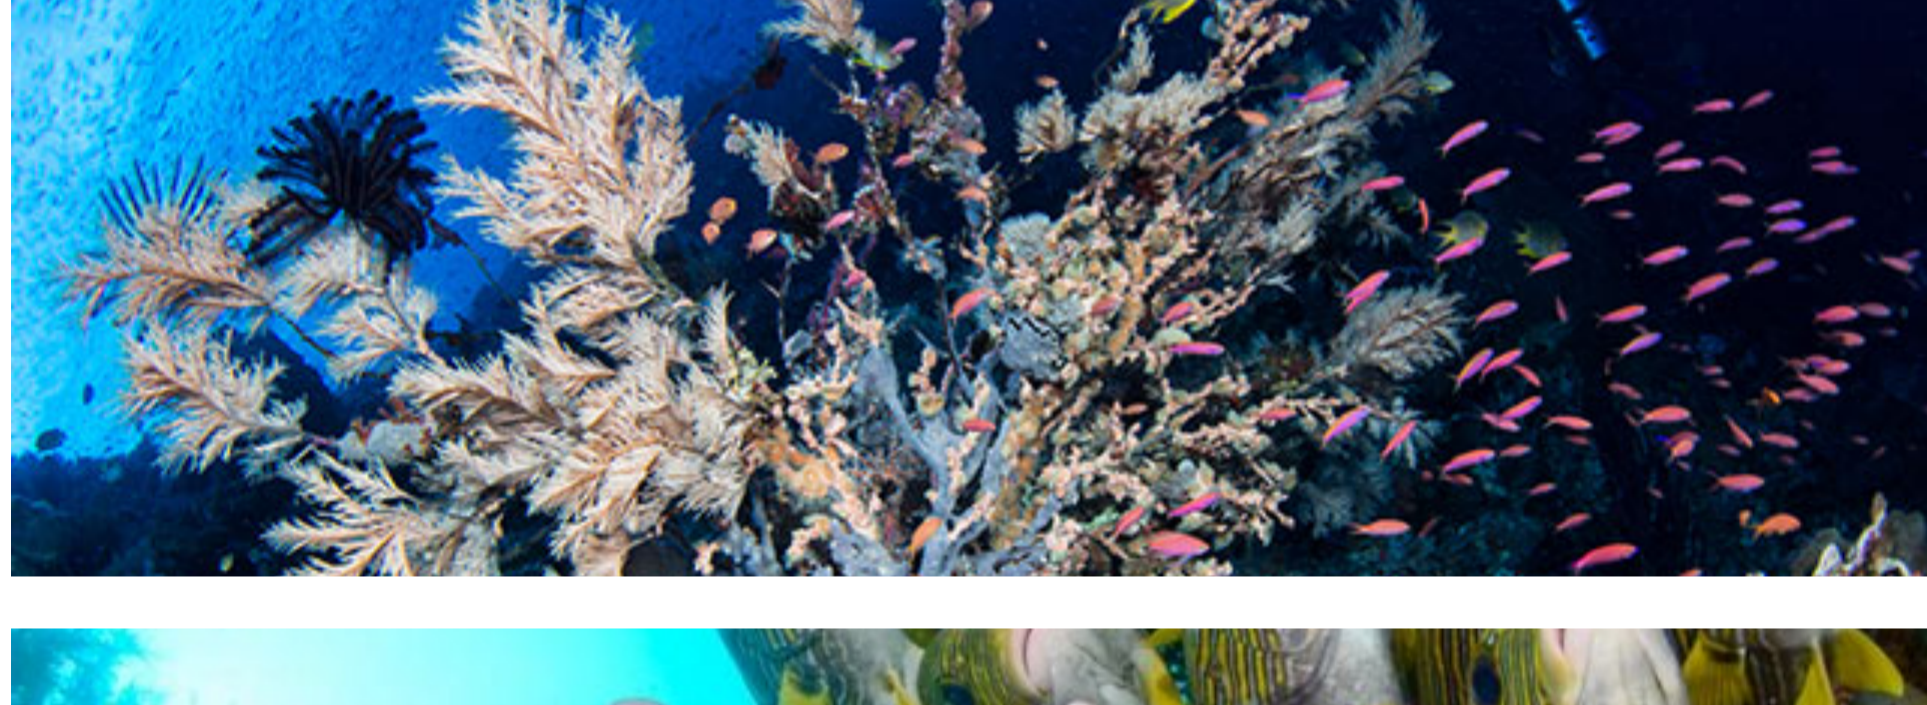

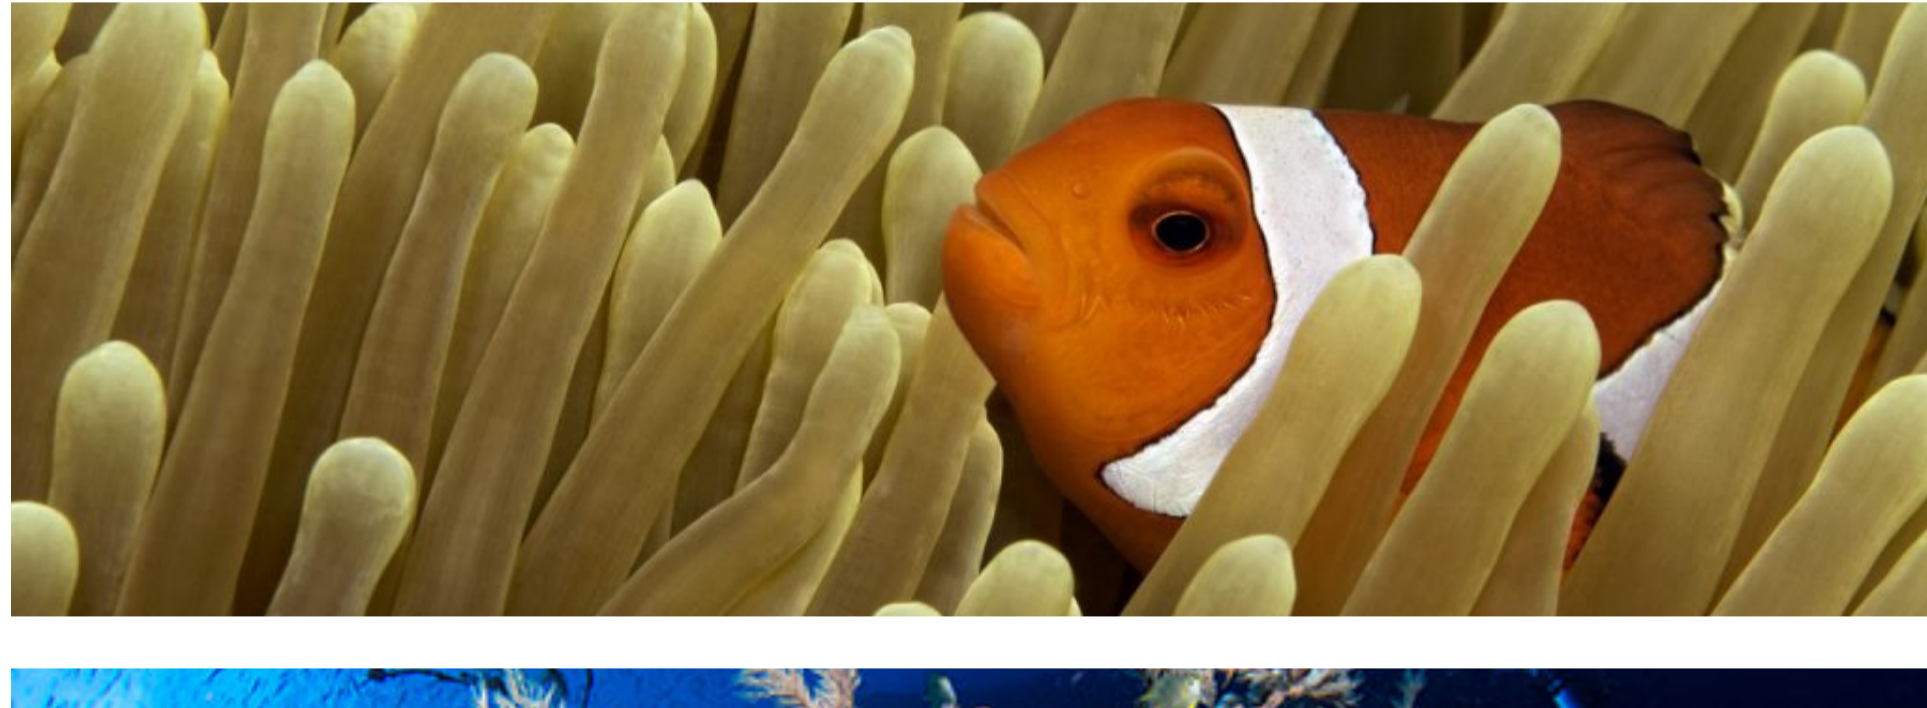

This trip covers the south of Raja Ampat with a focus on the area of Misool followed by a crossing to Halmahera with a start in Sorong and end in Ternate (or vice versa). Misool is the southern Island of Raja Ampat and probably the absolute best diving in the area, a special 'no-take zone' was established here, and the result is breath taking. Every year we notice an increase of sharks and fish and we make sure to include all the top sites in this southern part of West Papua. After spending time there we cross to Halmahera, a large island to the west halfway to Sulawesi which belongs to the North Moluccas. Our focus here is the straight between Halmahera and Bacan. The through flow of moderate currents makes the area rich in fish life, sharks, and healthy corals. Schooling barracudas, blacktips and some nice critters make this trip a beautiful combination and there is even an endemic species of the walking shark which can be found on night dives.

Water temperature: generally warm with 27-30C

Current: Mild to Strong

Also suitable for Snorkellers, Free divers, Kayaking and leisure trips

PROGRAM

Day 1

The Amira crew picks up our guests from the airport or hotel. After a welcome drink, our guests check in to their cabins. Afterwards there will be breakfast or lunch, depending on the time of arrival. When all guests are on board and have settled in, a detailed boat and safety briefing will be given by the cruise director. In the afternoon, the general diving briefing explains the process and organization of our diving operations. Usually there are no dives offered on the first day.

Day 2-10

We offer 3-4 dives daily, including a dusk or night dive if possible. During crossings we do a maximum of 2 to 3 dives per day.

Day 11

Last diving day with a maximum of 2 dives and cruise to disembarkation harbor.

Day 12

Check out and transfer to airport or hotel accompanied by our crew
