

JEWELS OF INDONESIA

Best of the Banda Sea combined with the highlights of Misool in

Raja Ampat

This tour will start in Saumlaki in the far east of Indonesia and end in Sorong, West Papua. To start with we will visit the remote Island in the east Banda Sea offering beautiful reefs, steep walls with breath-taking corals and large schools of fish.

As we make our way north, we will stop at the east of Seram for some spectacular diving before crossing over to Misool, the southern part of Raja Ampat. Here one most likely finds the best diving in Raja Ampat and maybe even the whole of Indonesia with the highest biodiversity in the world.

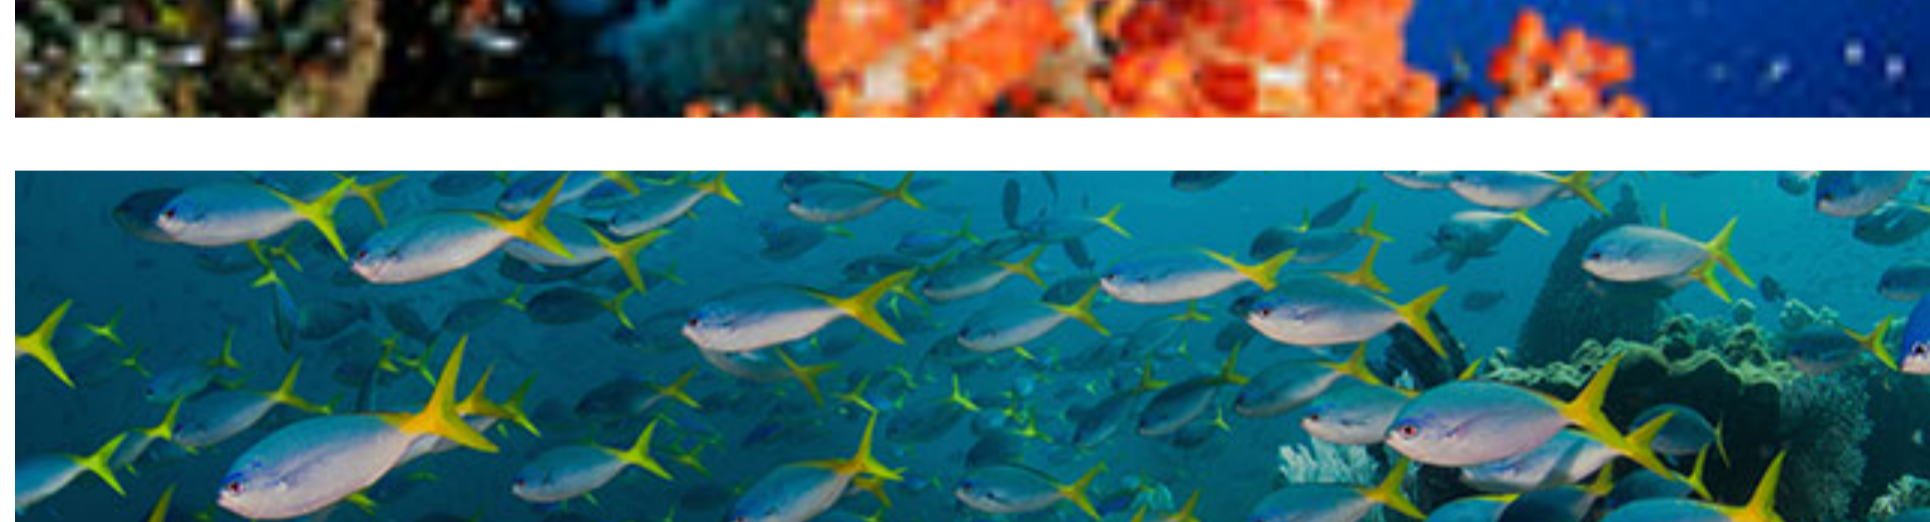

A no take Zone ensures rich fish life, beautiful corals and plenty of sharks and Manta rays. Make sure to keep an eye out on the ocean while we cruise as it is common to see whales or dolphins migrating through the Banda Sea at this time of the year.

This itinerary is also offered with a twist as the "Pearls of Banda" where we will include the islands of Banda Neira with stunning diving and a historic land excursion to the old fort and spice plantation.

Water temperatures: generally warm between 27-30C

Current: mild to medium

Also suitable for experienced Snorkellers and Free divers

PROGRAM

Day 1

The Amira crew picks up our guests from the airport or hotel. After a welcome drink, our guests check in to their cabins. Afterwards there will be breakfast or lunch, depending on the time of arrival. When all guests are on board and have settled in, a detailed boat and safety briefing will be given by the cruise director. In the afternoon, the general diving briefing explains the process and organization of our diving operations. Usually there are no dives offered on the first day.

Day 2-10

We offer 3-4 dives daily, including a dusk or night dive if possible. During crossings we do a maximum of 2 to 3 dives per day.

Day 11

Last diving day with a maximum of 2 dives and cruise to disembarkation harbor.

Day 12

Check out and transfer to airport or hotel accompanied by our crew.
