Starting with muck diving in Ambon and then crossing the Banda Sea, tracing the perimeter of islands. Let our experienced crew show you these remote and almost untouched locations with wonderful reefs and stunning drop offs. Marine life here is in abundance from macro critters, sea snakes and schooling fish to the 'big fish' favorites such as manta rays, reef sharks and even the chance to encounter scalloped Hammerheads. We complete this once in a lifetime diving safari in stunning Raja Ampat, one of the most bio diverse diving destinations in the world.
