

BUGIS

Bajau Sea Nomads and the Banggai Archipelago aboard Bugis

Kendari to Luwuk | Banggai Archipelago

The Banggai Archipelago is a wild paradise at the far eastern tip of Central Sulawesi, tough to get to and rarely visited.

On small islands live the Bajau, the sea people, in houses built above the lagoon, and listening to their stories is one of the highlights.

In a lagoon of crystal clear water the so-called blue mangrove grows spectacular reefs among its trees, with juvenile fish in all their colours.

There are white sand beaches and turquoise water, a barbecue on the beach and a bonfire with a Bajau community as the sun sets.

Near the mangroves, you may spot the endemic Banggai cardinal fish.

STOP 5

At day break, the highlight of the day will be some snorkelling inside the lagoon where mangrove trees grow in crystal clear waters with spectacular reefs growing within the mangrove trees.
This is called the “blue” mangrove, where juvenile fish can be seen in all their kaleidoscopic colours.
In the afternoon, we explore rarely visited nearby islands where we indulge in the spirit of adventure that defines our slow cruises.
Spend a night on anchor place.

These communities primarily sustain themselves through the octopus trade and seagrass.

Additionally, we'll embark on a Zodiac raid to meet the local fishermen.
As the sun sets, we'll raise the anchor and head to our final destination, Luwuk.

After breakfast we say farewell to the crew and we will be transferred to the airport for the return flight to Bali.

MEET THE BAJAU 'SEA NOMADS'

Known for their impressive ability to hold their breath underwater for an impressive period of time due to their larger spleens, the Bajau also possesses a unique traditional way of life. These communities still live a very traditional lifestyle in small villages with houses built on stilts over the sea, and their livelihood depends entirely on the sea. Our Banggai cruise will mostly call at small and remote islands where the Bajau people form the majority of the population. We will take you to some of their villages throughout your trip so that you can get up close and personal with these seafarers, watch them as they demonstrate their supernatural freediving ability, and see how they make their living from the sea. Be prepared for a once-in-a-lifetime experience with the Bajau!

BANGGAI ARCHIPELAGO

We propose the following itinerary, which aligns with our "slow travel" philosophy, focusing on local fishing communities, snorkelling in beautiful reefs, and relaxing on lovely beaches. A lot of these little islands are surrounded by a lagoon, and some of them can't be reached when the tide is low. So, the plan might change depending on the tide level.
