

CORALIA

Ambon, Banda and Forgotten Islands

Ambon to Saumlaki | Ambon Bay, Banda and the Forgotten Islands

Ambon Bay is world class muck diving, where the holy grail of fish, the rhinopias, turns up among frogfish, ghost pipefish and the very special wunderpus.

The Banda Islands bring deep walls, seamounts and drift dives along fish-packed reefs, with hammerhead sharks known to visit.

The remote Forgotten Islands are famous for deep walls, healthy reefs, giant sponges, crystal clear blue water and schooling hammerhead sharks.

At the most easterly volcano in Indonesia, curious sea snakes come to look at the divers.

Your route

STOP 1

Ambon Bay

We start our adventure in Ambon Bay.
Ambon is a world class muck diving destination.
Inside the bay there are numerous dive sites full of critters galore!

STOP 1

Ambon Bay (continued)

The holy grail of fish Rhinopias can be seen here along with Frogfish, Ghost Pipefish, Nudibranchs, Leaf Fish, Zebra crabs, cuttlefish, all sorts of Pipefish, Mandarin Fish, Ribbon Eels, all sort of Eels and cute juveniles like the Barramundi Cod, Batfish and Harlequin Sweetlips.
Our eagle-eyed dive guides will be looking out for different types of shrimps such as Bumblebee Shrimp, Harlequin Shrimp, Tiger Shrimp and Coleman shrimps.
In the octopus family, we might see the very special Wunderpus or Mimic and at night the Coconut, Starry Night, White-V and Long Arm Octopus come out to hunt.
An excellent way to finish a trip!

STOP 2

Banda Islands

Next, we head out to the Banda Islands, also known as the Spice Islands, the land excursion is fascinating.
Visit the museum, an old Dutch fort and a nutmeg plantation to learn about the incredible history of these remote islands.
The diving here includes the typical deep walls of the Banda Sea, as well as sea mounts and drift dive along fish packed reefs.
At Batu Kapal the whole pinnacle is covered in schooling Pyramid Butterfly Fish and Red-tooth Triggerfish which mix in with hundreds of fusiliers, creating a myriad of colour.
Hammerhead sharks have to been known to visit some of the reefs here, as well as turtles, bumphead parrotfish, eagle rays and napoleon wrasse.

STOP 3

The Forgotten Islands

The Forgotten Islands are an arc of islands that are part of a very remote archipelago in the east of the Banda Sea.
These islands are accessible only by liveaboard and offer a truly exciting adventure!
The Banda Sea is famous for its deep walls, healthy reefs, giant sponges all in crystal clear blue water.
This area is also now known for the chance to see schooling Hammerhead Sharks!
Forgotten Island trips are not just about the ‘big stuff’.
If you want to look for macro critters we can find things like Leaf Fish, Moray Eels, lots of different Nudibranchs, Ribbon Eels, Mantis Shrimps, as well the very special Dragon Shrimps and Leopard Shrimps.

STOP 4

Manuk

Our first stop in the Forgotten Islands is Manuk.
This is the most easterly volcano in Indonesia and is home to lots of sea snakes.
They are very curious and divers will be approached by many snakes during the dives.
But don't worry they won't bite, they just take a look and keep on swimming!
The dramatic rocky dive sites here can be very fishy and there is a chance to spot hammerhead sharks.
Above the water frigate birds and brown boobies sour over the volcano.

STOP 5

Nila and the seamounts

Close to the island of Nila are the sea mounts of Dusborgh and Nil Desparandum.
They are surrounded by very deep water so there is a chance to see large pelagics.
Here we will look out for now famous Banda Sea schooling hammerhead sharks.
Absolutely massive barrel sponges and expanses of hard corals make these reefs very impressive.

STOP 6

Terbang

North and South Terbang there are dramatic walls with large overhangs dripping with soft corals.
Damar is close by and has a great hard coral garden perfect for an afternoon and night dive.

STOP 7

Dawera

Our final Forgotten Island is Dawera.
You can dive just about anywhere around this island to find a fantastic dive site!
At one point there are so many soft corals we are reminded of the glorious reefs of Raja Ampat.
A huge school of Barracuda hang out on one point of the island.
There is a hidden pinnacle out from the island where the reef really is untouched.
The village of Dawera does not fish here because there are so many fish around their island, they have plenty to eat!
At the pinnacle the reef is a profusion of colour and each and every rock is covered in every type of coral!
Big schools of jacks and batfish, schooling pyramid fish and triggerfish and hundreds of fusiliers all try to avoid the hunting reef sharks and jacks.

STOP 8

Last day near Saumlaki

On the last full day on board we will do two dives close to Saumlaki and enjoy our goodbye dinner inside the harbour.

GOOD TO KNOW

On land and on the way

Cruise Directors

Cruise Directors may adapt the itinerary to guarantee the best experience in the weather conditions.

Marine experts

On some cruises you hear presentations from marine scientists and other experts of the area.

Check in

The crew welcome you at the airport, then the tenders take you to Coralia in the harbour, where the final arrangements are made with the port authorities.

Check out

The last evening is spent in port with a farewell dinner, and the tenders take you ashore the next morning to catch your flights.
