

CORALIA

Komodo

Labuan Bajo to Labuan Bajo | Komodo National Park

Komodo National Park is a World Heritage Site and one of the New 7 Wonders of Nature, with soft coral reefs, drift dives, hard coral reefs and fish filled pinnacles.

Manta rays, large schools of fish, turtles and reef sharks are joined by many unusual critters for macro lovers.

A trek to see the Komodo dragons, with viewpoints over the park, is part of the cruise.

Your route

STOP 1

Labuan Bajo and the Komodo and Flores channel

The first dive is an easy check dive from Labuan Bajo on Flores.
The boat then heads into the channel between Komodo and Flores, which has colourful reefs and drift dives.

STOP 2

Central Komodo

Takat Makassar is a drift along the seabed looking for manta rays, and Tatawa Besar and Siaba Kecil have healthy reefs best seen drifting in the current.
Batu Tengah, in the middle of the National Park, has healthy corals that draw large numbers of reef fish, and macro fans may spot special ladybugs.

STOP 3

The Komodo dragon trek

Every cruise includes a trek to see Komodo dragons, with viewpoints over the National Park.
Three dives are scheduled on trek day.

STOP 4

Padar Island

Padar is known for its scenic viewpoint and long, empty beaches.
The dive sites include Three Sisters and Secret Garden, where the guides look for giant frogfish, and mobula rays may be seen in the open water.

STOP 5

South Komodo

South of Rinca Island, Horseshoe Bay, Cannibal Rock and Yellow Wall of Texas have a distinct coral landscape, with crinoids and sea squirts hosting ladybugs, walls with giant frogfish, and fire sea urchins sheltering zebra crabs and Coleman shrimps.
Rhinopias have also been found here.
South of Komodo Island, Manta Alley is a popular spot where manta rays gather, feed and are cleaned.

STOP 6

Macro dives

Wainilo and Lasa are home to melibe nudibranchs, hairy frogfish, flamboyant cuttlefish, ghost pipefish and harlequin shrimps.
Pink Beach and Torpedo Alley are excellent for both day and night dives.

STOP 7

North Komodo

The fish filled pinnacles of the north have reef sharks, eagle rays and turtles.
Crystal Rock and Castle Rock are the most famous sites, and Shotgun and Darat Passage are also known for their fishy reefs.

STOP 8

The last day and Labuan Bajo

The last full day has two dives, then the boat returns to Labuan Bajo for a goodbye dinner in the harbour.
The next morning the tenders take guests ashore for their flights.
