Komodo Central: Reefs, Dragons and Espresso Martinis

Labuan Bajo to Labuan Bajo | Central Komodo National Park

Komodo combines spectacular diving with the wild, untouched beauty of Indonesia's most iconic national park.

Current-swept pinnacles are alive with schooling fish, sharks and pelagics, while manta cleaning stations and drift dives through narrow passages keep the action coming.

Coral gardens and sloping reefs are full of macro life, from nudibranchs and frogfish to reef sharks, mantas and turtles.

Ashore, the legendary Komodo dragons wait on Rinca or Komodo Island, and pink beaches and sunset treks round off the picture.

LENGTH	DEPARTURE PORT	ARRIVAL PORT	EXPERIENCE
3 to 7 nights	Labuan Bajo	Labuan Bajo	Beginner to pro

Your route

THE DIVING

Diving highlights

- Current-swept pinnacles with schooling fish, sharks and pelagics
- Coral gardens and sloping reefs full of macro life
- Famous dive sites like Batu Bolong, Manta Point and Tatawa Besar
- High biodiversity: nudibranchs, frogfish, reef sharks, mantas and turtles
- Manta cleaning stations and drift dives through narrow passages

SNORKELLING

For snorkellers

This is a very snorkeller-friendly route. Most dive sites have shallow reefs rich in life, perfect for surface exploration. Manta Point is a highlight for both snorkellers and divers alike.

ABOVE THE WATER

Beyond diving

- Land excursion to Rinca or Komodo Island to meet the world-famous Komodo dragons
- Scenic anchorages, pink beaches and sunset treks
- Small island stops for swimming, kayaking, or relaxing on the sand
