

ECOPRO MARIANA

Deep South Male to Gan

Male to Gan | Vaavu, Meemu, Thaa, Laamu, Huvadhoo, Fuvahmulah and Addu

Grey and white-tip reef sharks, eagle rays and napoleons start the run south in Vaavu, with a night dive among nurse sharks and big jacks.

Meemu has caves and overhangs, and a corner with sharks on the incoming current and mantas cleaning on the outgoing current.

In Thaa a strong stern light attracts whale sharks, and in Huvadhoo a channel is full of grey reef sharks.

Fuvahmulah has tiger sharks, sometimes 15 or more, and Addu finishes with oceanic mantas on the outer reef.
