

EMPEROR VOYAGER

Sharktastic aboard Emperor Voyager

Male to Male | South Male, Vaavu, Meemu and South Ari

Grey reef sharks, dogtooth tuna and eagle rays are regular sights, and it pays to watch the blue.

The outer walls and corners of Vaavu Atoll's channels are draped in soft coral in blues, yellows and pinks, and Meemu Atoll has enchanting channels with pelagic action.

Visibility can reach up to 40 metres, which shows off the sharks and the big fish at their best.

Across in South Ari there are whale sharks and manta rays to be found, with a wreck among the other options.
