Tiger Shark and sting ray point.

Day 2

Hulhumale Nerumathi - Check Dive 1

Tiger Shark and sting ray point.

Lankan Paradise Manta Point - Dive 2

One of the most famous Manta Points of the Maldives during West monsoon season, so called "low season".

Cross South Ari - +5hours cruising

Maaya Thila - Dive 3 Night dive

Famous pinnacle for incredible shark dives, during the day and by night. Possible to sight here: turtles, octopus and cuttle fish.

Day 3

Bathala Thila Dive 1

Nice and shallow pinneacle covered in reef life and inhabited by sharks, tunas and jack fish tornado. This is one of the few dive spots where it is possible to find frog fish.

Fish Head Dive 2

Maybe the most famous dive spots in the Maldives: a thila that rewards divers with amazing sightings all year around.

Fesdhoo Lagoon - Manta Night Dive Dive 3

Here there are high chances to meet manta rays by night, and if our guests like, we can go for an unforgettable dive or jump in with mask and fins.

Day 4

Maalhos Thila Dive 1

Challenging dive spot entirely covered by ice color soft corals. The dive could be challenging due to strong currents.

Moofushi Corner Dive 2

Spectacular dive spot: a manta point active most of the year that overlooks an oceanic wall. It can be a challenging dive which is truly worth trying.

Dhega Thila Dive 3

A nice underwater tour between pinnacles, hunting scenes and imbricata turtles on the reef. Good spot for snorkellers, as well!

Mirihi Whale Shark point - Night whale shark Snorkelling

Sometimes, with a lot of luck, during highseason, whale sharks might appear during the night.

Day 5

Kuda Rah Thila Dive 1

Little colorful jewel in the middle of Dangheti Channel. This dive site is an option all year around.

South Ari Marine Protected Area Dive 2

Broken Rock Dive 3

Challenging dive but worth to try! Soft corals have amazing colours and cover all the the pinnacle. This is an hotspot for Whale Sharks sighting all year around.

Day 6

Miyaru Kandhu Dive 1

One of the most famous channels of the Central Atolls. It offers great dives with incoming and outgoing currents. Inhabited by sharks, eagle rays, napoleon fish, sting rays and so on.

Dhevana Kandhu Dive 2

Shallower channel that can be explored with small to moderate current.

Dhiggiri Lagoon Dive 3

Famous shark point where to sight nurse sharks and sting rays in action. It is usually a dive spot for night dives, but sometimes it is worth to be explored during Day / Sunset Dive.

Cross to South Male atoll +3 hour cruising

Day 7

Kandooma Thila Dive 1

Definitely number one in the ranking of the best dive sites in South Male atoll. Long thila, located in the middle of the channel, offers spectacular conditions to observe grey reef sharks, whitetip reef sharks, eagle rays, big schools of jacks and snappers both with incoming and outgoing current. This area can have lots of current.

Kuda Giri Wreck Dive 2

Colorful and shallow pinnacle with an artificial wreck full of life.
