

JAKARE

Komodo National Park

Labuan Bajo to Labuan Bajo | Rinca, Padar, Komodo Central and Gili Lawa

A passage in Komodo with strong currents, mantas and eagle rays is the thrill of this trip, and the diving never lets up.

A channel drift brings turtles and hunting trevally, a current pinnacle has coral walls and sharks, and a shallow coral garden has mantas.

A mangrove muck dive and a drift over healthy reef add variety, and manta rays are cleaned and fed at 8 to 15 metres.

Ashore, a trek on Rinca finds the Komodo dragons, Padar gives sunrise over the archipelago, and Pink Beach gives sunset.
