

JAKARE

Raja Ampat

Sorong to Sorong | Wayag, Kawe, Pienemu and the Dampier Strait

Wayag is the heart of this trip, a lagoon among limestone islands where giant clams grow and a trek up the mountain gives views over the whole archipelago.

Below the surface, mantas visit cleaning stations at Kawe, wobbegongs lie on the reef, and soft coral gardens are patrolled by sharks.

Back through the Dampier Strait come yellow snappers, Napoleon wrasse and current dives with mantas sometimes.

A night dive among the mangroves adds a different side of Raja Ampat.

The trip ends with an early trek to see the Bird of Paradise and a beach BBQ.
