

JAKARE

Raja Ampat Central & North

Sorong to Sorong | Wayag, Kawe, Pienemu and the Dampier Strait

Mantas are the signature of this trip, at a secret spot among coral gardens in Wayag, at cleaning stations in Kawe, and at a sandy-bottomed cleaning station near Arborek.

Kawe also has soft coral gardens with sharks and Napoleon wrasse, and a wall and sandy valley bring trevally, fusiliers and turtles.

Mioskon has yellow snappers, wobbegongs and pygmy seahorses, and the current dives nearby bring reef fish, pelagics and mantas.

A night dive among peaceful mangroves is a quiet contrast.

At dawn in Wayag, a trek up the mountain gives views over the limestone islands.
