KING NEPTUNE

Komodo North & South

Labuan Bajo to Labuan Bajo | Komodo National Park

Seven nights in Komodo National Park gives time to dive all three parts of the park.

The south has manta rays, stunning coral and cool water, along with a hike to the Padar viewpoint.

In the north the current-swept reefs bring big pelagics, reef sharks and swirling schools of fish, and Pink Beach is a lovely place for a walk.

Mantas, turtles, critters and vibrant coral fill the central dives.

The week ends with an afternoon trekking among the Komodo dragons.
