# Ultimate Bali to Komodo Expedition, East Bound

*Bali to Labuan Bajo | Nusa Penida, Lombok, the Gilis, Moyo, Saleh Bay, Satonda, Sangeang and Komodo*

A journey along the island chain of Nusa Tenggara, with some of Indonesia's most famous diving strung along the way.

Manta rays glide at Nusa Penida, and whale sharks gather around the traditional fishing platforms of Saleh Bay.

The reefs of Southwest Lombok and Gili Trawangan bring turtles, schooling fish and possible reef sharks.

Komodo finishes the trip with manta rays, reef sharks, strong currents and pelagic action.

On land there is a forest trek to a waterfall on Moyo, and a walk to meet the Komodo dragons, then at sunset the fruit bats leave their roost near the mangroves.
