

KOMODO 8D/7N

Cruise Length: **8 Days 7 Night**

Start/End Port: **Labuan Bajo**

Total Dives: **21 dives**

Notes:

This is a sample itinerary and subject to change depending on weather, sea and unexpected conditions. There are over 60 dive sites in Komodo National Park and we're happy to consider guest preferences. Snorkeling is also an option at many of these sites, just ask the Cruise Manager for advice.

DAY 1 | 2X DIVES

After being welcomed aboard The Lady Denok by our crew, we'll set sail to our first destination, Sebayur Island, where we'll stay overnight. Here, there'll be an option to do an afternoon or night dive.

DAY 2 | 4X DIVES

A day exploring the dive sites in Batu Bolong, Tatawa Besar, Tatawa Kecil, and Siaba Kecil. Among the rocks, you'll see lots of soft orange coral and plenty of fish, including angelfish, batfish, sweetlips, and huge schools of snapper.

DAY 3 | 3X DIVES

Exploring the dive sites of Crystal Rock, Castle Rock, and The Cauldron. Here, there will be a chance to see a huge variety of marine life, including reef tip Sharks, Manta Rays, Pyramid Butterfly fish, Napoleon Wrasse, Sweetlips, huge schools of Barracuda, Trevally, and maybe even dolphins!

DAY 4 | 4X DIVES

When we're ready, we'll head south to the green-capped hills of Gili Lawa Darat, not far from yesterday's dive sites. This area is home to a number of dive sites of varying difficulty. The dive sites in this area among others are The Golden Passage, The Cauldron and Coral Garden, Shotgun Wall. Here we can see Manta, Reef Shark, Giant Wrasse, Turtle, Giant Travaly and "Dogi" Tuna. We'll likely do a drift dive with more opportunities to see reef sharks and manta rays. Turtles, giant wrasse, dogtooth tuna, eagle rays and boulders covered in glass fish are also common sightings.

DAY 5 | 3X DIVES

Morning activities start with diving in Makassar Reef or Mawan. After taking breakfast, it is time to get a closeup of the Komodo dragon. The afternoon dive will be Pulau Indihiiang where you may be able to see whitetip sharks, jackfish and trevallies.

DAY 6 | 3X DIVES

We are now in the southern part of Komodo close to the open sea towards Sumba. The water is colder than in the north and the current is strong but fish life is so rich here. You can see beautiful coral reef, hard and soft, covered the seabed. The dive spots will be in Loh Sera, German Flag, and Manta Alley. You can see Napoleon wrasses, sweetlips, snappers, groupers and of course Giant Manta Ocean in these dive spots.

DAY 7 | 2X DIVES

We will dive in the South Western Tip of Nusa Kode island. The corals here are healthy and cover almost all seabed. You will probably encounter large fishes, such as gigantic Potato Cods and Malabar grouper. Diving in Cannibal Rock and Yellow Wall.

DAY 8

Departure day Labuan Bajo. After breakfast, transfer to hotel or airport. Thank you for joining our Komodo trip and see you again in the next trip.
