Maldives - The Best of Central Atolls

7 – 10 or 14 days Cruise (for Divers & Snorkelers)

Maldives: a little corner of paradise

Maldives with their amazing coral reefs and wide variety of marine life is one of the BEST DIVE DESTINATIONS IN THE WORLD.

The country is ideally experienced by boat to unveil hideaway islands, local fishermen villages, colored reefs, unspoilt beaches, amazing snorkeling sites and dive sites renowned for manta rays and whale sharks and pelagic. Luxury Yacht Maldives offers you the chance to dive in a NATURAL PARADISE from which you would be otherwise precluded.

One week cruise, or more, offer exclusive itineraries with breathtaking sceneries and unforgettable experience.

© Alessandro Tommasi

The different “Central Atolls” itineraries will take you to some of the highlights of the Central atolls, including the North and South Male Atolls, Ari and Felidhoo atolls and more.

The divers and snorkelers will experience a varied array of marine life sightings from the big creatures like sharks/ whale sharks and manta-ray to small juvenile fish, dragonets, mantis shrimp – the list is endless.

To top it all you will be spoilt with fantastic dive guides and great food, all enjoyed with LUXURY YACHT MALDIVES (MY Conte Max and MY Duke of York) the best and with the longest experience in diving liveaboard.

Excellent to do at all times of the year thanks to the numerous diving spots that will sailing from east to west of the atolls according to the season and current conditions.

MASSAGE CENTRE

Atolli Centrali

MALE, RASDHOO, ARI Central/South, FELIDHOO North & MALE South

Departure from Velana Int. Airport - Malè.

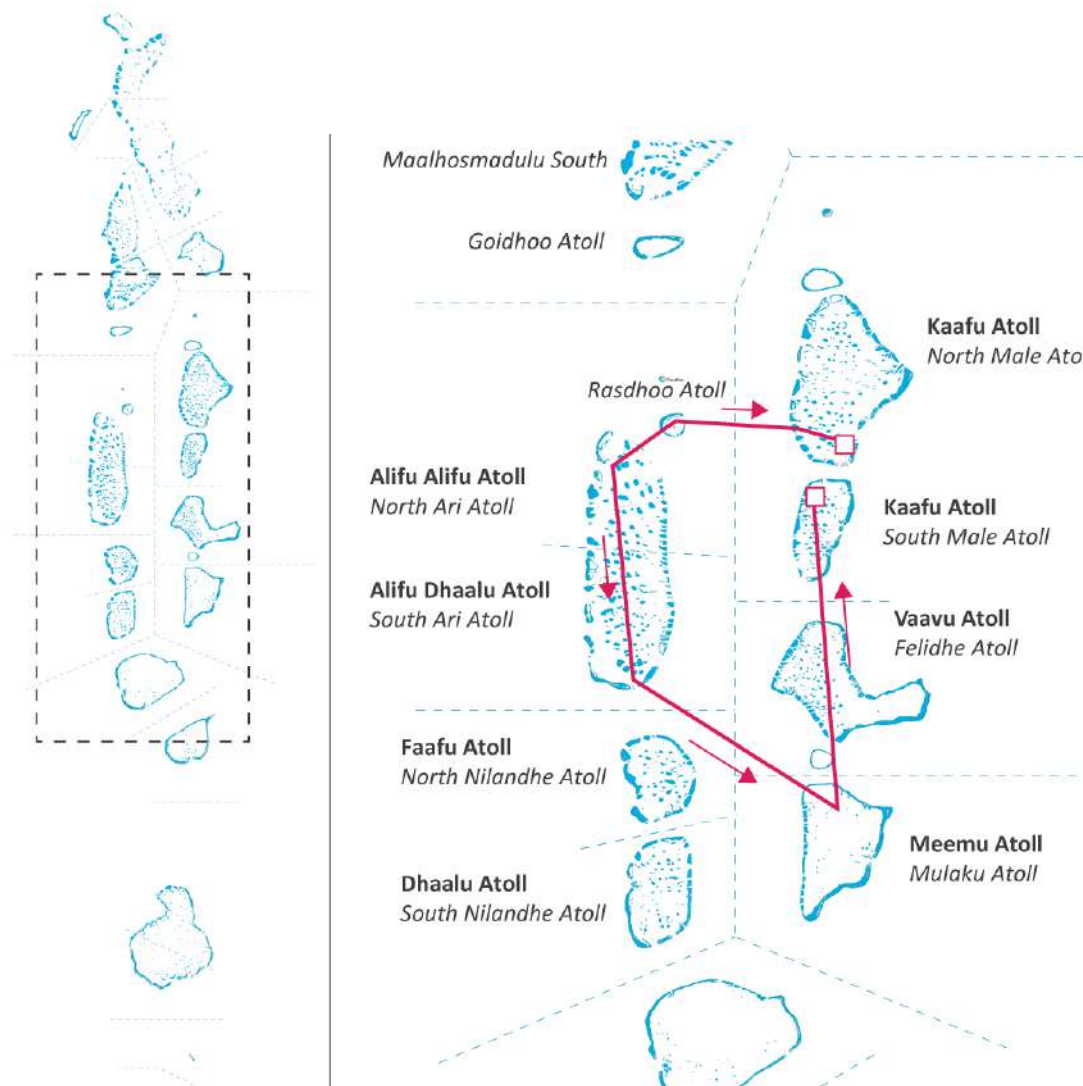

After boarding and check dive at Fish Tank with a huge number of stingrays, all kinds of moray eels, and the guitar fish, or at Lankanfinolhu manta point (in the season of sightings of these large fish) we proceed crossing to the centre of Ari: almost mandatory stops for the famous dive sites such as Maaya Thila / Maaloss Thila / Fesdhoo in the night with the manta-rays / Fish Head and then sail to the southern tip of the atoll in search of whale sharks during the day and in one "special spot" by night.

Then we cross towards Felidhoo atoll with its beautiful canals/pass to satisfy those looking for great emotions even with a night surrounded by a hundred of nurse sharks and much more. On the way back to the capital we'll cross South Male atoll and diving in Guraidhoo area with its beautiful passes for the sighting of large pelagics, the very famous Kandhooma thila or the wreck of Gulhi.

ALL OUR ITINERARIES are selected carefully thanks to our long experience in cruising the Maldives since 1990. The cruises schedule is organized according to the weather, the seasons, the streams & currents as well as the water visibility in order to maximize the chance of underwater encounters in all the dive sites.
