

MALAILLO

North Halmahera and Morotai

Ternate to Ternate | North Halmahera and Morotai

Some of the most untouched waters in the Coral Triangle, with reef sharks, turtles, schools of fusiliers and trevallies, eagle rays and walking sharks.

A seamount rises to only 7 metres below the surface, wrapped in steep slopes and rich coral growth, with grey reef, blacktip and whitetip reef sharks around it.

Ridges covered in healthy hard corals are surrounded by dense schools of fish, and walls are hung with soft corals and caverns.

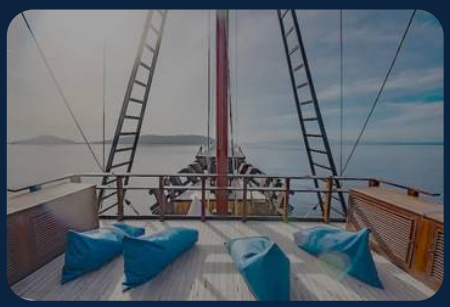

Morotai adds history, with a large wreck covered in marine life.

One signature canyon is known for impressive fish action, with occasional guitar sharks or mobula rays.

THE TRIP

About this trip

Expect encounters with reef sharks, turtles, schools of fusiliers and trevallies, eagle rays, walking sharks, and a remarkable diversity of coral life as you explore some of the most untouched waters in the Coral Triangle.

FOOD AND SERVICE

Food and drink

Meals on Malaillo are served buffet style, with Asian and Mediterranean dishes and vegan and vegetarian options. Full board covers breakfast, lunch and dinner, with snacks and fruit through the day, and one barbecue night is included on every cruise.

Water, coffee, tea and juices are always available at no extra charge, and guests have fresh towels, hot water and help with transfers on arrival and departure days.

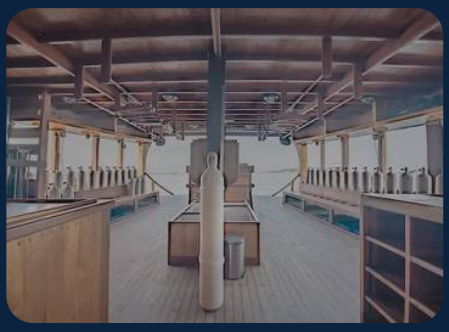

DIVING

How the diving is organised

Malaillo has a dedicated dive deck with a personal station for every guest, tank storage and refilling on board, and easy access to the tenders. Diving follows PADI standards, and the dive guides are professionally trained, with a maximum of four divers per guide.

Nitrox of around 32 percent is available free of charge to certified divers. Safety equipment on board includes a VHF radio, GPS, first aid and emergency oxygen kits and an AED, and the crew also look after spare gear on the dive deck.

GOOD TO KNOW

Worth knowing

- Flying After Diving: The last dive of the trip will take place on Day 10. Divers are strongly advised to observe a 24-hour surface interval before flying.
- This itinerary is a sample and may be adjusted due to weather conditions, sea conditions, local regulations, or other operational considerations. The final route, timing, dive sites, and activities remain at the discretion of the Captain and Cruise Director, who will always prioritize guest safety while striving to deliver the best possible experience.
