

NEPTUNE ONE

Best Of Raja Ampat-Misool - 11 Days / 10 Nights

Sorong to Sorong | Misool, Raja Ampat

Misool is the southern end of Raja Ampat, with soft coral reefs, seamounts buzzing with life and spectacular underwater scenery.

Vibrant coral gardens are home to schools of fusiliers, reef sharks, turtles and manta rays.

Walls are covered in sea fans and soft corals, and the marine life ranges from pygmy seahorses to schooling barracuda.

Caves and swim-throughs come with excellent visibility, and in the mangroves coral thrives in shallow water beside the trees.

A marine lake of non-stinging jellyfish and the panoramic Love Lagoon viewpoint make the days above water as good as those below.
