NEPTUNE ONE

Raja Ampat North & Central - 7 Days / 6 Nights

Sorong to Sorong | North and Central Raja Ampat

Raja Ampat's north and centre mix reef walls, remote pelagic waters and muck-style critters in one trip.

In the Dampier Strait, reef sharks, napoleon wrasse and swirling barracuda patrol colourful hard corals, and a muck-style dive may reveal mandarinfish or walking sharks.

Mini-walls covered in sea fans and soft corals hold wobbegong sharks, pygmy seahorses and fusiliers hunted by giant trevallies.

Remote northern reefs bring large pelagics and stunning coral gardens, with manta rays and eagle rays possible.

A sunset barbecue on a white-sand beach ends the day.
