ONDINA

Raja Ampat Central & South - 9 Days / 8 Nights

Sorong to Sorong | Dampier Strait, Fam and Misool

The fabulous reefs of the Dampier Strait open this journey through the heart of Raja Ampat, a place of caves, canyons and swim-throughs on almost every dive.

With over 1,400 species of fish, more than 20 of them endemic, and more than 75 percent of the world's reef-building coral species, the reefs are among the richest on earth.

Muck diving on a jetty at night shows the small side of the reef, and Misool brings its classic sites.

Blacktip reef sharks have their nursery on a beach near Pulau Boo.

Above the water, the limestone islands are topped with greenery and ringed by turquoise lagoons.
