

ONDINA

Togian Islands

Bitung to Luwuk | Lembeh, Gorontalo and the Togian Islands

The Togian Islands bring muck diving, coral gardens, deep pinnacles and a Second World War bomber wreck lying in shallow water.

The reefs around the Una Una volcano are among the highlights, and the Olele Marine Park has overhangs and swim-throughs with a chance of whale sharks.

The Lembeh Strait sets the scene first, with muck diving and night dives.

Then come the coral gardens and walls of the Bangka and Flesko coasts.

The deep pinnacles of the Walea Strait finish the run.
