

SCUBASPA ZEN

Komodo - Bali Expedition

Komodo to Bali | Komodo National Park and the islands towards Bali

Komodo National Park is a UNESCO World Heritage Site where narrow channels carry the Indonesian Throughflow and make the park a drift diver's destination.

Strong currents and nutrient rich upwellings bring mantas, reef sharks, turtles and dolphins over hundreds of species of hard coral.

Visits to the Komodo dragons are part of the journey.

The route then continues west across the islands towards Bali, to remote dive sites.

Your itinerary

DAY 1

Komodo National Park

Drift dives and dragons

Strong currents and nutrient rich channels bring mantas, reef sharks, turtles and hundreds of hard coral species, with Castle Rock, Crystal Rock, Shotgun, Manta Alley and Batu Bolong among the best known sites, and visits to the Komodo dragons.

DAY 2

Towards Bali

Remote dive sites

The yacht continues west across the islands towards Bali.

DAY 3

Bali

The cruise ends in Bali, where guests are escorted to the airport.

THE ROUTE

An outline of the cruise

This is an outline of the route. The detailed day plan, sites and timings are set by the captain and the dive team to suit the weather, the tides and the guests on board, and are confirmed before you sail.

THE DIVING

How the diving is organised

The dive centre is a dedicated dive boat with plenty of room, well equipped dive stations, several entry points, a toilet and shower and a sun deck platform. Dives are tailored to each diver's level, with beginners and experienced divers both looked after, and up to four dives a day are possible. Courses run from introductory dives to advanced and Nitrox certification, with multilingual instructors.

Dives are limited to 40 metres. A dive computer is compulsory, diving alone and decompression dives are not allowed, and night dives and dives deeper than 18 metres are for advanced certified divers. Many sites have strong currents, so good buoyancy control is needed.

THE SPA

Treatments at the quiet end of the boat

The five star spa sits at the stern, the quietest part of the yacht, and welcomes couples as well as solo guests. The menu offers Balinese, Swedish, Shiatsu, sports, hot stone and Hawaiian Lomi Lomi massage, aromatherapy, foot reflexology, a back and shoulder massage, facials, body scrubs and masks, an after sun aloe vera treatment, a foot scrub, and a Dive Delight massage designed for after a dive.

The products are made exclusively in Bali for the boat, from organic ingredients, botanical extracts and essential oils. Yoga is held every morning on the sun deck.

ON THE TABLE

Food, drink and celebrations

Breakfast and lunch are buffets, and dinner is an à la carte menu served in the al fresco restaurant on the main deck. Live cooking evenings blend Asian, Mediterranean and Continental cuisine, and the chefs share the recipes so you can recreate them at home. Special diets are looked after.

The bar, next to the restaurant with views from the bow, serves wines, champagnes and handcrafted cocktails, with a happy hour every day. Beach barbecues are held on a deserted island, and the team plans birthdays, engagements and anniversaries, from a private dinner under the stars to sunset cocktails.

PACKAGES

Choose how you spend the cruise

Every guest chooses one of three packages. Dives cannot be swapped for spa treatments, and the dive package is for certified divers only.

Scuba

Up to 26 dives over the cruise, with spa treatments bookable on board for an extra charge when there is space.

Scuba and spa

14 dives and 7 spa treatments over the cruise.

Spa and active wellness

11 spa treatments and guided snorkelling. A Discover Scuba Diving course can be added if you would like to try diving.

CONDITIONS

Season, water and what to expect

Komodo National Park is a UNESCO World Heritage Site between Sumbawa and Flores. Narrow channels carry the Indonesian Throughflow, which brings strong currents and nutrient rich upwellings and makes the park a drift diver's destination, with mantas, reef sharks, turtles, dolphins and hundreds of hard coral species. The season runs from April to September, and some routes visit the park in a limited season. Bring comfortable shoes for the dragon treks.
