

SCUBASPA - LUX MARINE SAFARI

TRITON BAY

10 NIGHTS SAMPLE ITINERARY

AMBON - KAIMANA

UNCOVER TRITON BAY; INDONESIA'S HIDDEN PARADISE

Nestled in West Papua's Kaimana Marine Protected Area, Triton Bay is Indonesia's ultimate diving frontier.

Since its first exploration in 2006, new dive sites continue to emerge, preserving the bay's allure as a pristine time capsule filled with vibrant soft corals and unique underwater habitats—remote, untouched, and ready to be explored.

Celebrated by divers and marine biologists alike, Triton Bay has earned names like "The Fish Empire," "City of Dusk," and "The Lost Paradise."

Researchers have documented 937 species of marine fish here, including rare species found only in this region, alongside 492 types of coral, six of which are unique to Triton Bay.

DAY ONE

After being greeted at the airport or hotel by Scubaspa ZEN crew, travel to the harbor and embark Scubaspa ZEN.

Enjoy a short rest before unpacking while the spa opens to offer information and treatment reservations.

Crew introductions and boat briefings will be held by the Cruise Managers followed by a welcome dinner at our al fresco restaurant.

DAY TWO

Your first dive site is Laha, a top macro dive spot on Ambon's northern coast, about three kilometers into the bay.

Here, vibrant fish, frogfish, ghost pipefish, and rhinopias bring the small corals and rubble to life, offering something unique with each dive.

After exploring Laha, the vessel will cruise to Nusa Laut for snorkeling and watersports, then head to Run Island before dinner, crossing the Banda Sea overnight.

DAY THREE

Start your day on Run Island with energizing beach yoga, followed by breakfast and a spa option. Choose between water sports and snorkeling or diving at Run's vibrant reefs, where sloping coral walls teem with fish and stunning sea fans.

Afterward, enjoy lunch at the restaurant. Next, head to nearby Ai Island, known for pelagic visitors and pristine coral reefs alive with marine life.

End the day with sunset yoga to relax, dine at the restaurant, and cruise east toward Banda Neira.

DAY FOUR & FIVE

Begin your day with morning yoga or a stroll through the scenic village, set against the Banda Api Volcano.

After breakfast, dive at Batu Kapal, known for coral-covered walls and sightings of reef sharks.

Then, explore Pohon Miring, a top dive site with swim-throughs, sea fans, and incredible visibility. In the evening, enjoy a BBQ as we sail northeast toward Koon Island.

DAY SIX

Wake up by the vast sandbanks of Koon Island, a breathtaking, Maldivian-like landscape that stretches out at low tide. Positioned between the Banda and Arafura Seas, the island's strong currents draw a rich variety of fish and vibrant coral life.

Dive into unforgettable scenes with vast schools of fish, jacks, barracudas, and sharks. Between dives, enjoy a special BBQ lunch at the restaurant. After the third dive, the vessel will cross the Arafura Sea, sailing overnight north to Wayil Batan Island.

DAY SEVEN

Our next destination will be either Fak-Fak or the sheltered haven of Papisoi, depending on the weather.

Fak-Fak offers a breathtaking waterfall experience accessible by tender, where, if the swells are calm, you can even enjoy a refreshing swim.

The water near the falls is cool, and adventurous guests can slip around the left side to discover a hidden cave, offering a perfect vantage point to admire the waterfall without getting wet.

DAY EIGHT & NINE

Diving in Triton Bay is an unforgettable journey into one of the world's most biodiverse marine regions.

Here, vibrant soft corals, majestic sea fans, mysterious black coral forests, and vast schools of fish create a mesmerizing underwater landscape.

While encounters with Wobbegong sharks add a thrill, it's the radiant corals and abundant soft corals that truly set Triton Bay apart.

DAY TEN & ELEVEN

On day ten, dive deep into Triton Bay's vibrant marine world, where you'll explore colorful soft corals, black coral forests, and towering sea fans teeming with life.

On day eleven, enjoy a final breakfast in the restaurant. After farewells with the crew, we'll escort you to the airport for your departing flight, carrying memories of an unforgettable adventure.
