Triton Bay - Misool

Kaimana to Sorong | Triton Bay, Pisang and Misool

Triton Bay has been called the Fish Empire, the City of Dusk and the Lost Paradise, and it is Indonesia's diving frontier.

Three days go to its soft corals, towering sea fans and black coral forests, with vibrant sweetlips, colourful macro life and a chance to swim with whale sharks at the fishing platforms.

Researchers have counted 937 species of reef fish here, and six types of coral found nowhere else.

The lively Pisang reefs follow, with a lookout for T-Bone the hammerhead, then Misool for black mantas and walking sharks.

The finish in Raja Ampat brings wobbegong sharks and giant manta rays over a submerged seamount.

TRITON BAY

The Fish Empire

Triton Bay lies in the Kaimana Marine Protected Area in West Papua and is Indonesia's diving frontier. New dive sites have been found since its first exploration in 2006, and it has been called the Fish Empire, the City of Dusk and the Lost Paradise. Researchers have counted 937 species of reef fish, including rare local species, and 492 types of coral, six of them found only here. Above water there are limestone cliffs, jungle covered islands and a waterfall that spills into the sea, and the village visits offer a glimpse of Papuan culture.

THE DIVING

How the diving is organised

The dive centre is a dedicated dive boat with plenty of room, well equipped dive stations, several entry points, a toilet and shower and a sun deck platform. Dives are tailored to each diver's level, with beginners and experienced divers both looked after, and up to four dives a day are possible. Courses run from introductory dives to advanced and Nitrox certification, with multilingual instructors.

Dives are limited to 40 metres. A dive computer is compulsory, diving alone and decompression dives are not allowed, and night dives and dives deeper than 18 metres are for advanced certified divers. Many sites have strong currents, so good buoyancy control is needed.

THE SPA

Treatments at the quiet end of the boat

The five star spa sits at the stern, the quietest part of the yacht, and welcomes couples as well as solo guests. The menu offers Balinese, Swedish, Shiatsu, sports, hot stone and Hawaiian Lomi Lomi massage, aromatherapy, foot reflexology, a back and shoulder massage, facials, body scrubs and masks, an after sun aloe vera treatment, a foot scrub, and a Dive Delight massage designed for after a dive.

The products are made exclusively in Bali for the boat, from organic ingredients, botanical extracts and essential oils. Yoga is held every morning on the sun deck.

ON THE TABLE

Food, drink and celebrations

Breakfast and lunch are buffets, and dinner is an à la carte menu served in the al fresco restaurant on the main deck. Live cooking evenings blend Asian, Mediterranean and Continental cuisine, and the chefs share the recipes so you can recreate them at home. Special diets are looked after.

The bar, next to the restaurant with views from the bow, serves wines, champagnes and handcrafted cocktails, with a happy hour every day. Beach barbecues are held on a deserted island, and the team plans birthdays, engagements and anniversaries, from a private dinner under the stars to sunset cocktails.

PACKAGES

CONDITIONS

Season, water and what to expect

Triton Bay in the far south of West Papua has soft coral gardens, black coral forests and towering sea fans. Researchers have counted over 950 species of reef fish and some 470 types of coral, and nutrient rich water draws whale sharks to the local fishing platforms, the bagans.

Raja Ampat lies in the heart of the Coral Triangle and is protected as a marine park, with limestone islands, mangroves, bird of paradise treks and the most diverse reefs on earth. Water temperatures run between about 27 and 29 degrees, with strong and fast changing currents on many sites, so the diving suits intermediate to advanced divers. A 5 mm full wetsuit is recommended, because four dives a day can leave you chilled. The main season runs from October to April.
