

SOLITUDE ADVENTURER

Raja Ampat

Sorong to Sorong | Waisai, Mansuar and the Dampier Strait

Raja Ampat has several shark species, including the wobbegong hiding under coral, whitetip and blacktip reef sharks on most dives and the occasional grey reef shark.

The Dampier Strait gives lively reefs, pinnacles, walls and possible channel drift dives.

Around Gam and Arborek the diving turns to drifts, macro critter hunting and possible manta ray sightings.

A short land excursion leads to a viewpoint over the rock islands.
