

SPIRIT OF THE MALDIVES

Deep South to Male

Kooddoo to Male | Huvadhoo, Laamu, Thaa, Meemu, Felidhu, South Male and North Male

Huvadhoo means deep, current-swept channels, huge schools of pelagic fish, sharks and rays.

You reef hook on the corner to watch, then drift, and inside the atoll there are shallow reefs and macro life.

At night whale sharks may come to the lights at the back of the boat.

Heading north, Laamu and Thaa bring vibrant corals and spectacular channels, and Meemu is known for its manta cleaning stations.

Felidhu and South Male finish with channels alive with sharks, eagle rays and schools of snapper and jackfish.
