

SPIRIT OF THE MALDIVES

Explore the Far North

Male to Hanimaadhoo | North Male, Lhaviyani, Baa, Raa, Shaviyani and Haa Alifu

The Far North reaches some of the least visited waters in the Maldives, about 180 miles north of Male.

Baa Atoll has manta and shark points, and Shaviyani adds vibrant reefs and more shark and manta points in lesser visited waters.

Raa and Lhaviyani bring reefs far from the crowds.

Haa Alifu, the northernmost reaches of the Maldives, has reefs that few divers ever see.

In the north-east season, from March to April, there is a rare chance to see blue whales and sperm whales in the Eight Degree Channel.
