Komodo in 7 nights

Labuan Bajo to Labuan Bajo | Komodo National Park

In Komodo, whole days are given over to manta rays, with huge chances to see many of them above a pristine coral reef.

A gentle drift runs amid large numbers of mantas, and another drift passes numerous turtles over a magnificent reef.

Walls are covered in a spectacular array of corals and invertebrates, and sheltered bays are famous for rich biodiversity and colourful invertebrate life.

In the north there are reef sharks, dolphins and sometimes even whale sharks, while Padar has schools of mobula rays and amazing corals home to numerous nudibranchs.

The Komodo dragons wait ashore.

Your route

STOP 1

Day 1

This day marks the beginning of your cruise with us to Komodo.
Departure from the port of Labuan Bajo where you can board our Phinisi and take possession of your cabin!
Depending on your departure time, you'll do a check dive at Sebayur.

STOP 2

Day 2

To begin our cruise, we will bring you to our very first spot called Sebayur.
The water temperature and sea conditions make the dive excellent there.
Our next dive spot will be Tatawa Besar, where you will have awesome drift dive around hard, soft corals and reef of 10 to 20 meters deep.
We will finish the day with Siaba Besar, a really nice shallow seamount.
Often called turtle city, this spot is one of the most spectacular in Komodo.

STOP 3

Day 3

Head to Batu Bolong, a world-class dive site ranked among the top 10 dive sites in the world!
We'll head to Manta Point on the Makassar reef, where you'll enjoy a gentle drift dive amidst large numbers of mantas!
Next step: Golden Passage, one of the best drift dives in the Komodo National Park, where you can observe numerous turtles and fish on a magnificent coral reef.

STOP 4

Day 4

The first dive of the day will be on the Shotgun site!
Here, you will dive into a beautiful coral garden.
Head to the north of the park to dive at Castle Rock.
Its good visibility will allow you to see a wide variety of fish as well as reef sharks, dolphins, manta rays and sometimes even whale sharks!
Our last dive of the day is at Crystal Rock.
You'll dive with Napoleon fish, a variety of reef sharks, giant sweetlips, grey reef sharks and even eagle rays!

STOP 5

Day 5

Our 2 first dives of the day will be focused on Manta Rays!
We will have two dives into the Manta Alley spot, where you will have huge chances to see many mantas among a pristine coral reef.
Our last dive will be in Loh Sera Wreck, a spot made from underwater pinnacles, where there is plenty of fish and turtles.

STOP 6

Day 6

We will first dive into the Yellow Wall dive site, its name is due to the spectacular array of species of corals and invertebrates that cover the wall.
Then, we will sail to Cannibal Rock, an easy dive as the bay is sheltered with very calm currents. This site is famous for its rich and incredible biodiversity as well as a colorful invertebrate life.
We will also dive in Tropical Point and discover its beautiful corals and fish.

STOP 7

Day 7

We will start the day in Padar Island, famous for its breathtaking viewpoint.
There are 3 dive sites close to this spot!
Secret Garden, where you'll dive among amazing corals home to numerous nudibranchs.
3 Sisters, where you can see schools of mobula rays, white-tip and blacktip reef sharks and schools of blue surgeonfish.
Wainilu, is also home to the famous Komodo dragons.
This current-protected spot is ideal for beginners.

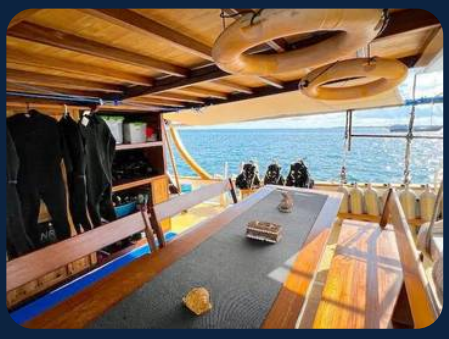

STOP 8

Day 8

Before heading back to Labuan Bajo, we'll make a stop on the island of Kanawa where you can enjoy the turquoise waters and the wide variety of fish and coral one last time with masks and snorkels!
We're back in Labuan Bajo and it's already time to say goodbye!
