

SEAHORSE

Raja Ampat Ultimate

Sorong to Sorong | Misool, Wayag and the Dampier Strait

Raja Ampat has long been thought of as the last frontier, and this trip covers all of it, from Misool to Wayag.

The sea life is astonishing, with dramatic pinnacles, long ridges, walls and hidden caves, and everything from the tiny pygmy seahorse to the oceanic manta ray.

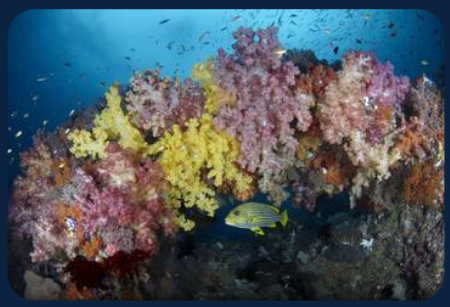

Kawe has some of the finest diving in the area with regular manta encounters.

The iconic Wayag lagoons are hundreds of quartz limestone islets, with mantas and blacktip sharks swimming around.

An early morning hike leads to a bird of paradise mating tree.

LENGTH	DEPARTURE PORT	ARRIVAL PORT	EXPERIENCE
12 days, 11 nights	Sorong	Sorong	Advanced Open Water, 30 dives

Your route

STOP 1

Misool

Misool in the south of Raja Ampat is excellent for wide angle shots, encounters with mantas and massive schools of fish.
The underwater landscape is mostly rocky with ridges and rock formations, and the colourful reefs show an abundance of soft corals and huge gorgonians.
Macro subjects are plentiful too, with pygmy seahorses, tiny crabs and nudibranchs.

STOP 2

Fam and Penemu

One day is spent on these islands between the north and the south.
The dives include “Melissa’s Garden”, which has the best coral garden in Raja Ampat, and “My Reef”, known for its barracuda school and many wobbegongs.

STOP 3

The north

The iconic Wayag lagoons are hundreds of quartz limestone islets, explored by dinghy or kayak, with a short hike to a summit for the view.
Mantas and blacktip sharks swim around.
Kawe island has some of the finest diving in the area with regular manta encounters, and Aljui Bay, 20 kilometres long, offers some of the best macro sites in Raja Ampat.

STOP 4

Dampier Strait

One or two days are spent around the famous dive sites near Kri, with their impressive amount of fish.
Villages are visited in the late afternoon, and an early morning hike leads to a bird of paradise mating tree.

STOP 5

Misool on land

At the rangers’ station you snorkel in front of their beach in a natural shark nursery, where small black tips swim in one metre of clear water.
A short hike leads to the viewpoint over the “love lagoon”, a lagoon in the shape of a heart.

GOOD TO KNOW

About the diving

The diving

The sea life is astonishing, from fixed fauna such as corals and gorgonians to the quantity and variety of fish above. Dive sites have dramatic pinnacles, long ridges, walls, hidden caves, rock formations and azure lagoons. The fauna ranges from the tiny pygmy seahorse to the oceanic manta ray, with huge schools of fusiliers, barracuda, spadefish, sweetlips, bumphead parrotfish and Napoleon wrasse.

Sharks and mantas

Reef sharks are common, and the wobbegong lies on corals behind clouds of glassfish. The walking shark can often be seen on night dives, and mantas are often spotted on three different dive sites.

Dive count

A minimum of 33 dives, which is 3 dives per day, is offered, including at least 5 night dives.

How the diving works

Divers go in groups of up to four with a dive guide, with a briefing before every dive. Nitrox is free for certified divers, and divers are asked to stay within no deco limits, to a maximum depth of 35 metres.

Joining the boat

You are welcome on board in Sorong before 12 noon. Seahorse can arrange pick up from the airport or your hotel.

Leaving the boat

The cruise ends in Sorong and you disembark before 12 noon. Seahorse can arrange the drop off at the airport or your hotel.

Airports

Sorong (SOQ) at the start and Sorong (SOQ) at the end of the trip.

INCLUDED
