

WHITE PEARL

Best of Central Atolls

Male to Male | North Male, South Male, Vaavu, Ari, Rasdhoo

Manta rays take centre stage here, with a night dive at a manta cleaning station where the mantas glide towards the dive lights, feeding on plankton in mesmerising patterns.

North Male has underwater caves, vibrant coral formations, soft corals, frequent reef sharks and eagle rays, moray eels and turtles.

A dusk dive in Vaavu brings the reef to life after dark, with nurse sharks, stingrays, blacktip sharks and trevallies.

A wreck and beautiful coral formations fill the days between.
