

CARPE DIEM PHINISI

Ultimate Raja Ampat

Sorong to Sorong | Dampier Strait, Wayag, Piaynemo and Misool

Ultimate Raja Ampat covers the north, the centre and the far south, with the best sites chosen each day by tide and current.

In the Dampier Strait the currents and topography let you dive in the middle of schools of fish, with wobbegong sharks for company.

Piaynemo has a huge coral garden, schools of fish, sharks hunting, and slopes with black coral and whip coral.

Wayag is a vast group of karst islands with wonderful panoramas and pristine beaches.

In the south the panorama above and below water is very different, with the endemic pygmy seahorse in the many sea fans.
